# THREE BOOKS OF Occult Philosophy, WRITTEN BY *Henry Cornelius Agrippa,*

*The Number and the Nature of those things,  
Cal'd Elements, what Fire, Earth, Aire forth brings :  
From whence the Heavens their beginnings had ;  
Whence Tide, Whence Rainbow in gay colours clad.  
What makes the Clouds that gathered are, and black,  
To send forth Lightnings, and a Thundring crack ;  
What doth the Nightly Flames, and Comets make ;  
What makes the Earth to swell, and then to quake :  
What is the seed of Metals, and of Gold  
What Vertues, Wealth, doth Nature's Coffer hold.*

All these things doth naturall Philosophy, the viewer of nature contain , teaching us according to *Virgil's* Muse.

**On Eve of St. John the Baptist, gather at midnight, three walnut leaves, three sweet marjoram plants, three myrtle plants, and three vervain plants. Dry it all in the shade, and make it into a powder. When you want to make use of the powder, Throw some like a small pinch of tobacco into the air of the room where there are the people whom you wish to enjoy.**

On the eve of the great undertaking you will search for a rod or wand of wild hazel tree that has not yet born fruit, at the highest point of the sought-after branch there should be a second little branch in the form of a fork with two ends; its length should be nineteen and a half inches.

After having found a branch of this shape, only look at it but abstain from touching it, waiting for the following day, a day destined for action, in which you will go and cut it precisely at sunrise, and denude it of its leaves and small twigs, if there are any of these and with the same blade that was used to skin the sacrifice, which will still be tainted with its blood; you will cut it when the Sun starts to break forth on this hemisphere, pronouncing the following words:

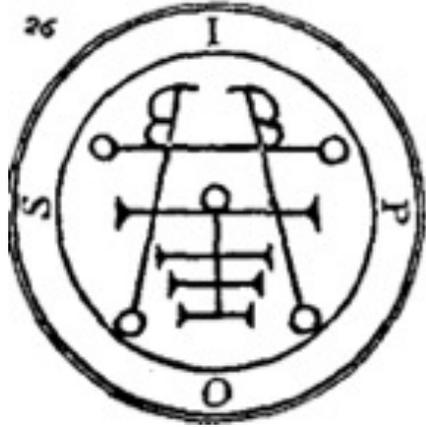

“I beseech you, O great ADONAY, ELOHIM, ARIEL and JEHOVA to be favorable and to give this rod that I am cutting the strength of Jacob and the virtue of Moses and that of the great Joshua; and I beseech you, O great ADONAY, ELOHIM, ARIEL and JEHOVA to enclose in this rod all the power of Samson, the righteous rage of Emmanuel and the Thunderbolt of ZARIATNATMICK who will avenge man’s affronts on the day of Judgement.”

After having pronounced these great and terrible words, always keeping your eyes turned toward the rising sun, cut the branch and take it to your room, then take a piece of wood that is of the same thickness as the two ends of the rod and take it to a Smith to cap the two ends of the fork with the steel blade that was used to skin the sacrifice, ensuring that the two blades are sharp and when they are fitted to the two pieces of wood, take them home, putting the two irons on the true rod yourself, then take a Lodestone, heat it in the fire to magnetize the points of the rod pronouncing the following words:

“By the power of the great ADONAY, ELOHIM, ARIEL and JEHOVA, I beseech you to unite all of the materials that I desire by the power of the great

ADONAY, ELOHIM, ARIEL and JEHOVA I command you by the incorruptibility of water and fire, to separate all of the materials as they were separated the day of the creation of the world. Amen.”

**IPOS.** - The Twenty-second Spirit is Ipos. He is an Earl, and a Mighty Prince, and appeareth in the form of an Angel with a Lion's Head, and a Goose's Foot, and Hare's Tail. He knoweth all things Past, Present, and to Come. He maketh men witty and bold. He governeth 36 Legions of Spirits. His Seal is this, which thou shalt wear, etc.,

He is commonly depicted with the body of an angel with the head of a lion, the tail of a hare, and the feet of a goose, less frequently in the same shape but with the body of a lion, and rarely as a vulture.

# Accelerationism: how a fringe philosophy predicted the future we live in

The world is changing at dizzying speed - but for some thinkers, not fast enough. Is accelerationism a dangerous idea or does it speak to our troubled times?

by [Andy Beckett](#)

**Accelerationists argue that technology, particularly computer technology, and capitalism, particularly the most aggressive, global variety, should be massively sped up and intensified – either because this is the best way forward for humanity, or because there is no alternative.**

**“Accelerationism is a political  
heresy,”**
